

Note: please print or save the private Security key(s), and keep them confidentiality. The key is used to encrypt your bid during preparation and submission. We don t store your key and you are the only one has access to it. This is done for security purpose and to create the confidence on the platform. You will be requested to share the key to the bid opening committee during the bid opening time only. If you fail to share the key, your bid remains un-opened and invalidated.
